PROFILE SUMMARY

Analytical **BCA Graduate** focused on **Red Teaming** and **Ethical Hacking**. Experienced in developing custom security tools like **IDS/Keyloggers**. Proven exploit analysis and hands-on hacking skills across **TryHackMe** and **OverTheWire**.

EDUCATION

BCA — Kashi Institute of Technology, Varanasi (2023–2026) | Current Aggregate: 70.2%

TECHNCAL SKILLS

- **Domains:** Databases [MySQL], Networking, Cybersecurity, Operating Systems
- **Programming:** C, C++, Bash, Batch, HTML, CSS, JavaScript [node.js],
- **Tools:** Linux, Windows, Git, GitHub, MS Office, Google Docs, VS Code
- **Soft Skills:** Technical Writing, Research, Problem-Solving, Team Collaboration

PROJECTS

- **Smart IDS (Linux, Bash, Telegram API):** Lightweight Intrusion Detection System with automated Telegram alerts.
- **Keylogger (C, Windows):** **Ethically Developed** System Monitoring Tool for cybersecurity research.
- **College Map & Navigation System (HTML5, CSS/Tailwind CSS, Leaflet JS, Node.js/Express.js, SQLite):** An interactive map to Navigate in College/Campus.
- **Portfolio and Advertising Website (HTML5, Tailwind CSS, JavaScript):** Responsive site delivering beginner cybersecurity content.
- **Library Management System (C++, MySQL):** Console-based system for student & book tracking with optimized queries.

CERTIFICATIONS

- **CISCO NetAcad** — Cyber Security, Internet of Things (IoT), and Modern AI.
- **Udemy** — The Complete Full-Stack Web Development Course (MERN Stack).
- **NIELIT** — Course on Computer Concepts (CCC) Certified.
- **CENTUM Foundation** — Completed Employability Enhancement Programme.

ACHIEVEMENTS & HIGHLIGHTS

- Successfully completed **Bandit Module** on **OverTheWire Wargames**.
- Solved foundational cybersecurity labs on **TryHackMe** platform.
- Participated **Cyber Security Competitions** and **Gaming Events** at Campus.
