Career Objective & Summary: Analytical and solution-oriented BCA Graduate (69%) with hands-on expertise in Networking, Operating Systems, Database Management, and Technical Troubleshooting. Possesses a strong background in software development and system monitoring tools. Seeking an opportunity to apply technical skills and problem-solving abilities in a professional environment to manage IT operations, optimize workflows, and contribute to organizational success.

EDUCATIONAL QUALIFICATIONS

Year	Exam Passed	Institution / Board	Marks / Percentage
2023 – 2026	BCA (Bachelor of Computer Applications)	Kashi Institute of Technology (KIT), Varanasi	69% Aggregate
2022	12th Senior Secondary	BLJ Inter College, Mirzapur (UP Board)	69%
2020	10th High School	BLJ Inter College, Mirzapur (UP Board)	78%

TECHNICAL SKILLS & DOMAIN KNOWLEDGE

Technical Domains & Tools

- **Domains:** Computer Networks, Operating Systems, Database Systems (MySQL, SQLite, MongoDB), System Security
- **Operating Systems:** Windows, Linux (Ubuntu/Debian), Shell & Bash Scripting
- **Software & Tools:** MS Office, MS Excel, Git, GitHub, VS Code, Google Docs

Programming & Functional Strengths

- **Languages:** C, C++, Python, Bash Scripting, HTML5, CSS/Tailwind, JavaScript (Node.js/Express, React JS)
- **Key Competencies:** Hardware/Software Troubleshooting, Data Entry, Content Writing
- **Soft Skills:** Analytical Thinking, Problem Solving, Team Collaboration, Quick Learner

CERTIFICATIONS & TRAINING

CISCO NetAcad — Cybersecurity, IoT & Modern AI

CISCO NetAcad — Networking (TCP/UDP, ARP, Routing, NAT)

NIELIT — Course on Computer Concepts (CCC)

Udemy — Full-Stack Web Development (MERN Stack)

CENTUM Foundation — Employability Enhancement Programme

FEATURED PROJECTS

SENTINEL-X (Smart Bash Intrusion Detection System)

Linux, Bash Scripting, Telegram API

- Developed a lightweight automated intrusion diagnostic utility for monitoring system and network activities.
- Integrated Telegram Bot API to deliver real-time instant alerts upon detecting suspicious user commands or access attempts.

ADDITIONAL SOFTWARE PROJECTS

Windows Keylogger (Educational)

C Programming, Windows OS

- Developed a Windows keylogger in C using system libraries, built purely for study and security-learning purposes.
- Gained hands-on understanding of low-level Windows internals and how such tools work in the background.

Lib-Dude (Library Management System)

C++, MySQL

- Built a complete offline record management application for tracking book inventory, student issues, and return logs.
- Implemented optimized database queries in MySQL to ensure fast data retrieval and error-free record handling.

KIT-Nav (College Campus Map & Interactive Navigation System)

HTML5, Tailwind CSS, Leaflet JS, Node.js, SQLite

- Designed an interactive web-based navigation system allowing students and visitors to navigate campus locations seamlessly.
- Configured backend routing and map rendering to deliver responsive, user-friendly performance.
- Live demo: kit-nav.onrender.com

Blogging & Educational Web Platform

HTML5, CSS3, JavaScript, Tailwind CSS

- Created a fully responsive web application focused on delivering foundational cybersecurity and technical educational content.

CORE STRENGTHS

Quick Learner & Adaptable

Strong Analytical & Logical Thinking

Good Technical Communication

Team Player & Leadership Qualities

ACHIEVEMENTS & EXTRA-CURRICULAR ACTIVITIES

- Successfully solved cybersecurity practical labs on TryHackMe platform and completed Bandit Wargames on OverTheWire.
- Participated actively in campus coding hackathons, technical exhibitions, and gaming events.
- Demonstrated continuous interest in cybersecurity research, system networking, and automation.

PERSONAL DETAILS

- **Father's Name:** Indrabahadur Saroj
- **Mother's Name:** Rita Devi
- **Date of Birth:** 06-09-2005
- **Address:** Cheksari, Mujehara, Mirzapur, 231312 UP
- **Languages Known:** Hindi, English
- **Willingness to Relocate:** Yes
